

ADVANTAGES

- Fine fiber ensures filter will maintain particle capture efficiency throughout its service life.
- Available in MERV 13A, 14A and 16A.
- Rated 5-Star product when evaluated per Energy Cost Index (ECI) for superior performance, energy and sustainability when considered against other industry products of similar construction.
- Longest-lasting high-efficiency filter.
- Lowest Life Cycle Cost (LCC) filter available.

Application	Built-up filter banks, rooftops, split systems, free standing units, packaged systems and air handlers.
Frame	Plastic;ABS
Gasket	Flat gasket
Media	Glass fiber
Sealant	Polyurethane
Recommended final pressure drop	2x Initial pressure drop
Max. final pressure drop	1.5" w.g.
Installation Options	Clips required to hold 2-inch prefilter to face are C-84-2. To hold 4-inch prefilter use C-84-4.
Comment	Ratings: ECI value of Five Stars, UL Class 900
